FREEDOM OF INFORMATION PUBLICATION SCHEME

Next review date: Autumn 2022

Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools and academies, should be clear and proactive about the information they will make public.

This guidance gives examples of the kinds of information that the Information Commissioners Officer (ICO) would expect academies to provide in order to meet their commitments under the model publication scheme.

To do this we must produce a publication scheme, setting out:

1. The classes of information which we publish or intend to publish
2. The manner in which the information will be published
3. Whether the information is available free of charge or on payment

The ICO would expect academies to make the information in this document available unless:

- We do not hold the information
- The information is exempt under one of the FOI exemptions or Environmental Information Regulations (EIRs) exemptions, or its release is prohibited under another statute
- The information is archived, out of date or otherwise inaccessible
- It would be impractical or resource-intensive to prepare the material for routine release

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available to you on our website, to download and print off or available in paper form on request from the Trust or one of its academies.

Some of the information which we may hold may not be public, for example personal information.

This publications scheme confirms to the latest model scheme for Academies, approved by the Information Commissioner.

We endeavour to make as much information as possible available online. If any of the information is not available online, the scheme will explain how it can be accessed. We will continue to develop this scheme to increase the amount of information that can be accessed through it.

The Trust does not charge for information that can be accessed from any of its websites. However, we may pass on costs for reproducing information or providing it in alternative formats. We do charge for some specialist information services. Details of these costs are listed in the Schedule of Charges.
